REMARKS

25X1X

It was learned on 25 September 1949 that fighters and bombers were allegedly stationed at the RECHLIN airfield in early September 1949, and that bombs were stored near these aircraft. The field was strictly guarded.

Comment:

The RECHLIN airfield was presumably occupied by bombers and fighters in connection with the air force maneuvers held at the time of observation. It is not known whether the aircraft were temporarily stationed at the RECHLIN airfield or whether they will remain there.
